

# Checklist MELAtherm®

Manufacturer recommendations for routine operation

Serial number: \_\_\_\_\_

| Checks before practice start: |  |                               |                 |               |            |
|-------------------------------|--|-------------------------------|-----------------|---------------|------------|
| Day                           | Check for soiling, deposits or damage: |                               |                 | Month / Year: |            |
|                               | Coarse and fine sieves                 | Door seal and washing chamber | Filter elements | Remarks:      | Signature: |
| 1                             |  |                               |                 |               |            |
| 2                             |  |                               |                 |               |            |
| 3                             |  |                               |                 |               |            |
| 4                             |  |                               |                 |               |            |
| 5                             |  |                               |                 |               |            |
| 6                             |  |                               |                 |               |            |
| 7                             |  |                               |                 |               |            |
| 8                             |  |                               |                 |               |            |
| 9                             |  |                               |                 |               |            |
| 10                            |  |                               |                 |               |            |
| 11                            |  |                               |                 |               |            |
| 12                            |  |                               |                 |               |            |
| 13                            |  |                               |                 |               |            |
| 14                            |  |                               |                 |               |            |
| 15                            |  |                               |                 |               |            |
| 16                            |  |                               |                 |               |            |
| 17                            |  |                               |                 |               |            |
| 18                            |  |                               |                 |               |            |
| 19                            |  |                               |                 |               |            |
| 20                            |  |                               |                 |               |            |
| 21                            |  |                               |                 |               |            |
| 22                            |  |                               |                 |               |            |
| 23                            |  |                               |                 |               |            |
| 24                            |  |                               |                 |               |            |
| 25                            |  |                               |                 |               |            |
| 26                            |  |                               |                 |               |            |
| 27                            |  |                               |                 |               |            |
| 28                            |  |                               |                 |               |            |
| 29                            |  |                               |                 |               |            |
| 30                            |  |                               |                 |               |            |
| 31                            |  |                               |                 |               |            |

| Monthly check:                                      |  |  |            |
|---|--|--|------------|
| Check of adapters and injector nozzles for blockage | Check of accessories and device front for deposits or damage | Data backup of log files from the CF card (if no network connection available) | Remarks:   |
| Check OK:   | Check OK:  | Check OK:  | Signature: |
